

# The Historical Gandhi Exposed

---

To whom it may concern:

This kit of information is designed to prepare people to conduct an educational campaign anytime Gandhi is promoted in or near your town. We hope you will use the information to enlighten Gandhi proponents and equip Gandhi critics about the historical facts of Gandhi's anti-minority activities.

Contained within you will find two posters, an overview of Gandhi's participation in segregation and war in South Africa, a Frequently Asked Questions, and an informational flyer.

The posters are sized for printing on 8 1/2" by 11" paper. Once printed, hang them at or near the location where a Gandhi event will occur. The flyer is designed to be printed front and back and then folded in the middle. This flyer should be distributed at Gandhi events and around town prior to the event.

Don't hesitate to contact us through our website if you need assistance in challenging your local Gandhi event.

Sincerely,
